

Central Catholic iPad Program

FAQs

The focus of the Central Catholic iPad Program is to provide our students and teachers with contemporary tools and resources. Excellence in education requires that technology be seamlessly integrated throughout the educational program. Increasing student access to technology is essential for the future. One learning tool for twenty-first century students is the iPad. According to studies and school reports, students who use a computing device in a one-to-one educational environment are more organized and engaged learners, attend school more regularly, advance their knowledge and understanding of technology, and become constructors and designers of information and ideas. The iPad is a device that makes learning more accessible and engaging.

WHY IS MY SON RECEIVING AN IPAD?

During the 2012-2013 academic year, a number of Central Catholic teachers and students participated in a pilot program that incorporated the use of iPads into the curriculum. Based upon the success of that program, Central Catholic's Administration and Board of Directors decided to expand the program to all students. Apple is a recognized leader in educational technology, and has a wealth of resources to ensure the success of our program. The integration of applications, long battery life, and stable operating system will facilitate maximum educational use and require minimal support.

WHEN WILL MY SON RECEIVE HIS IPAD?

Your son will register for and attend one of three orientation sessions on August 7, 8, or 12. Start times are every 15 minutes and the orientation will take 60-90 minutes. Each session has limited capacity, and each student **must** be pre-registered so his iPad will be available at that session.

MAY MY SON USE HIS PERSONAL IPAD OR ANOTHER DEVICE?

Students will be required to use their school-issued iPads throughout the school day. Students are not permitted to bring a personal iPad or other tablet device to school.

Students should keep their iPad in their LOCKED student locker, where various security measures are in place, in their locked gym locker, or in another secure place. Students are responsible for safely storing their iPad during all co-curricular and extracurricular activities. responsible for informing the coach when he is unable to secure his iPad or other valuables. Under no circumstances should an iPad be left in an unlocked or unsupervised area.

HOW AND WHEN WILL MY SON LEARN TO USE HIS IPAD?

Central Catholic will provide students with iPad orientation and training when they receive their iPad, and additional training will be provided at the beginning of the school year. Most students are adept at learning technology, and from experience we are confident that students will teach themselves and one another.

Central Catholic has web filters that prevent students from accessing inappropriate and malicious web content.

- Your son may use the iPad until a certain time in the evening or until his schoolwork is complete.
- Parents/guardians can examine the documents and other content of the iPad at any time.

MAY MY SON USE A CASE OF HIS CHOICE?

No. The Logitech/Otterbox case provided with the school-issued iPad has been selected for its ability to best protect the iPad from damage under normal use and to provide a suitable means for carrying it. The iPad should always be stored in its school-issued protective case. **The entire cost of repair of an iPad damaged while not in its school-issued case will be borne by the student/family.** The student may affix appropriate stickers to his case in order to easily identify it. **The student may not put any mark on or affix anything to the iPad itself.**

WHAT HAPPENS IF THE IPAD IS STOLEN?

In cases of theft, vandalism, and other criminal acts that occur outside the purview of Central Catholic, a police report, or in the case of a fire, a fire report, **MUST** be filed by the student or parent before Central Catholic will replace the iPad. A copy of the appropriate report must be provided to the Assistant Principal for Student Affairs' office. After the first such incident, the student/family will be responsible for half of the cost of replacement (approximately \$150). For any subsequent replacement, the student/family will be responsible for the full cost.

WHAT HAPPENS IF THE IPAD IS BROKEN?

Central Catholic will arrange for repairs to a school-issued iPad. Students are responsible for a deductible of \$50 (\$100 for iPad Air 2). A damaged iPad must be taken to the Library no later than the next school day. **Do not attempt to repair the iPad or take it elsewhere for repair.**

After repairs are complete, the student must submit a check made payable to “Central Catholic High School.” If an iPad sustains damages so significant that it cannot be repaired, the student/family will be responsible for half of the cost of replacement (approximately \$150).

- Keep a charger at school, in a locked locker or backpack. A student should not leave his iPad unattended while it is charging.
