

Central Catholic Parent/Guardians,

Beginning June 1, 2023, please [click here](#) to begin the process to complete your son's 2023-2024 sport registration. Your son's registration must be completed online on Family Id/ Arbiter Sports. Paper copies will not be accepted and will result in your son not being able to participate until an online registration is completed.

If you have previously created an account, the process will be very simple. Simply log in with your account username(email) and password. If you have not previously created an account, you will be asked to create one before continuing.

You will be required to download and print the following physical form and take this form with your son for their Comprehensive Pre-Participation Physical Evaluation. Please click here to open and download the [form](#). These forms are due by Thursday August 3, 2023, for all fall sports.

The physical must be dated **on or after June 1, 2023**. We will be unable to accept a physical at an earlier date. For example, if your son or daughter had a physical done in March 2023, and your doctor is willing to review the physical from that exam date and update the form with the current date, then that is also acceptable. Just as long as the physical has a current date. We are asking for an “Authorized” date of the physical, not the actual physical date.

If you require any assistance with completing the registration, please contact Family ID/ Arbiter Sports at 1-800-311-4060

Thank You

Mr. Regis W. Visconti Jr., '08 MS, LAT, ATC, EMT-B, NASM-PES
