

Midterm exams begin on Monday, January 8, 2024. Each exam period is 75 minutes, and students will remain with their teachers for the entire allotted time. Students should bring study materials in the event an exam is completed early. Students only need to attend school when they have an exam scheduled. The cafeteria and library will be available for students if they do not have an exam during that block.

Students should report directly to their exam and not to homeroom. If you arrive earlier than 7:45 AM, report directly to the cafeteria. No students should be at their locker or in the hallways during exams.
