

## Beulah Frey Environmental Scholarship

*Beulah Frey (1921—2006) was a pioneer in environmental education. A biology teacher from the Fox Chapel Area School District, she made it her mission to inspire her students to be respectful and responsible stewards of the earth. Over the years, Beulah instilled a love and respect for the natural world in numerous people, many who devoted their lives to the environment and who now work in environmentally related fields.*

---

Dear High School Guidance Counselor:

The Audubon Society of Western Pennsylvania's **Beulah Frey Environmental Scholarship** application period is now open! This year, one \$2,500 scholarship will be awarded to a graduating high school senior who is interested in furthering their studies in an environmentally related field. Eligible seniors are those applying to two or four-year colleges and universities who are majoring in an environmental area of study.

For nearly three decades, ASWP has provided over \$30,000.00 to help students defray the costs of college tuition. I kindly ask you to promote this award to prospective candidates. **Scholarship applications, can be accessed directly from ASWP's website, [aswp.org/pages/awards](http://aswp.org/pages/awards), or go to the "About Us" section at [aswp.org](http://aswp.org). Note: Please access through our website. Internet searches for "Beulah Frey Scholarship" may lead to sites not affiliated with ASWP, and may contain outdated deadlines and information.**

Thank you in advance for your time and consideration. If you have any questions, please contact me at (412) 963-6100 x21 or [ghughes@aswp.org](mailto:ghughes@aswp.org).

Sincerely,

Gabi Hughes | Environmental Educator  
Audubon Society of Western Pennsylvania

*An environmental education and conservation engagement organization, ASWP is a member-supported, independently owned and operated chapter of National Audubon Society. Through our programs, projects, and places, we educate and inspire the people of southwestern Pennsylvania to be effective stewards of the natural world. Our nature centers and reserves – Beechwood Farms Nature Reserve, Succop Nature Park, Buffalo Creek Nature Park, and Todd Nature Reserve – offer over 12 miles of trails through more than 500 tranquil acres that provide an oasis for individuals, families, and groups to explore and reconnect with nature at their own pace. Whether in our nature reserves, on school grounds, or in green spaces across our region, ASWP finds ways to connect people to nature.*
